

## QA TESTER

We are looking to hire a QA Tester to join the TWISPER Development Team in Lisbon.

### About TWISPER

Discover the world with the people you trust.

Available for Android and iOS as of last December, the new Swiss start-up TWISPER INTERNATIONAL SA has launched a new app that will have a positive impact on the market of digital recommendations for both users and businesses in the field of gastronomy and hospitality. TWISPER is a social network that is all about positivity and transparency. The app deliberately has no algorithms or rating systems. Users get suggestions exclusively from their own circle of friends for great places to eat, drink and sleep. Consequently, on TWISPER there is no paid advertising for recommended places or fake profiles. Users data belongs to them and is exclusively used on the app. In this way, TWISPER ensures that the character of the app remains distinctive: easy, unique and positive.

### Responsibilities

- Software Tester duties and responsibilities
- Analyse users' stories and use cases, check requirements for validity and feasibility
- Collaborate closely with other team members and departments
- Execute all levels of testing (System, Integration, and Regression)
- Design and develop automation scripts, when needed
- Detect and track software defects and inconsistencies
- Provide timely solutions
- Provide support and documentation

### Requirements

- Software Tester requirements and qualifications
- At least 1 year of experience as a Software Tester or similar role
- Ability to handle multiple tasks simultaneously
- 1 year of experience in data analysis
- Sense of responsibility and pride in your performance, as well as its impact on the company's success

Be advised, by friends.

### **Nice to have**

- Critical thinker and problem-solving skills
- Team player
- Good time-management skills
- Great interpersonal and communication skills
